

The Buzz

AUGUST 2023-24

MEET OUR TEACHER

NISHADA REDDY

Hi, I am Nishada Reddy,

I Started my career as assistant professor in an engineering college , Hyderabad . As a graduate with B.ed degree I am in the teaching field from past 7 yrs .

At Shlok, the management and teachers collaborated and strengthened the education. My role as a teacher is to use creative and innovative methods to help students concentrate better as I feel the teacher's contribution to a child's life is enormous.

I love teaching because it gives me an immense sense of satisfaction from seeing my students grow and develop as individuals. It is delightful to be part of Shlok.

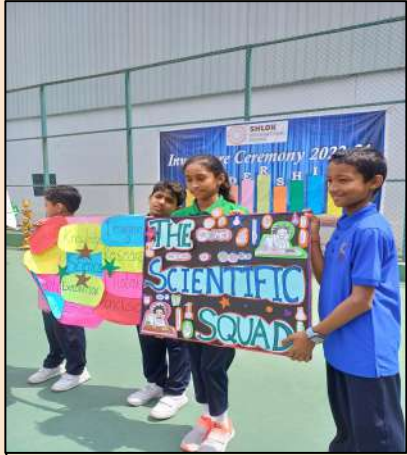

INVESTITURE CEREMONY

This momentous day of August 4th dawned to bestow responsibilities on the deserving young talents of the school to lead their school from the front with their commitment, confidence and competence.

The school held the ceremony with great enthusiasm. It was the occasion where the young students were all prepared to don the mantle of leadership and discharge the responsibilities entrusted to them by the school. To inculcate the leadership qualities in students and to give them a feel of being an important and integral part of the administrative body, 'Student Council' is formed every year.

SCHOOL CLUB INAUGURATION

“Clubs are the instruments through which one can find their hidden talent”The inauguration of various clubs of the school for the academic session 2023-24 was held on August 4th 2023. The ceremony started with invocation to Almighty God. The club in-charges along with their club members displayed the posters on various clubs. The various clubs inaugurated were-

1.literary club- English club, Kannada club, Hindi club. 2.Civic Club. 3.Science Club.4.Maths Club. 5.Health and Wellness Club. 6.Eco Club.

SPECIAL EVENTS

INDEPENDENCE DAY- Aug 15 th.

Like every year, our school celebrated a special event on Independence Day with pomp and great joy. On that pleasurable day, a sense of pride and happiness could be seen on the faces of people. Everyone was excited to celebrate the program. Besides this, the parents of the students were also present there to attend that memorable ceremony with full enthusiasm. Everyone was feeling proud to be a citizen of his beloved country.

Transfer of heat by convection in air

Parent's Read

The rest is noise

We come across many people who wake up to music, workout in the gym to music and enjoy playing music when they are doing other activities. The reason lies in the fact that music engages many parts of our brain that integrate elements of emotions and memory. No wonder, listening to music does alter our mood and reduces stress. Music has a way of enhancing the meaning of our words and our ability to express ourselves in subtle ways. Friedrich Nietzsche (German Poet and Composer) said, "Without music, life would be a mistake." Music has been ingrained in the human psyche before language came into being. The science behind music's impact on humans is the fact that it involves high degree sensory, motor and cognitive integration, it generates a powerful effect on emotions and memories.

This is why schools integrate Music and also as an important tool of their teaching strategy for students.

No other activity engages multiple networks within our brains. This is what makes music so exclusive to human existence. Read more about this in Larry Sherman's and Dennis Plies' latest book, "Every Brain Needs Music".
